WARRANT FOR TOWN MEETING

STATE OF NEW HAMPSHIRE

Appropriations will begin at one o'clock sharp.

To the Inhabitants of the Town of Rollinsford, in the County of Strafford, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Town Hall in said Town, the thirteenth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To bring in your ballots for Town Clerk, Town Treasurer, One Selectman and Overseer of the Poor for a term of three years, One Road Agent for one year and Chief of the Fire Department.

ARTICLE 2. To choose all other necessary Town Officers for the ensuing year.

ARTICLE 3. To see if the Town will vote to accept the Budget as submitted by the Budget Committee.

ARTICLE 4. To see if the Town will vote to allow a discount of 2% on all taxes of the 1956 levy except poll taxes, paid within thirty days after presentation of warrant to Collector.

ARTICLE 5. To see if the voters of the Town of Rollinsford will authorize the Selectmen to borrow money in anticipation of the collection of taxes.

ARTICLE 6. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's Deeds.

ARTICLE 7. To see if the Town will authorize the Board of Selectmen to accept from Danco Builders, Inc. a deed to the land in the Town of Rollinsford, in Kelwyn Park, so-called, constituting Kelwyn Drive, for the purpose of making Kelwyn Drive a public street or way in the Town of Rollinsford; said acceptance to be on the condition that Kelwyn Drive is constructed and brought to grade to the same extent as the part of said Kelwyn Drive situated in the City of Somersworth and accepted by the said City of Somersworth.

ARTICLE 8. (a) To see if the Town will vote to rescind any action previously taken by Town as pertains to part (b) of this Article.

(b) To see if the Town will vote to establish a Planning Board of seven members with duties as set forth in Chapter 36, Revised Statutes Annotated, as amended, to make a study of the town's development and report to the town appropriate recommendations for the promotion and maintenance of the Town's best development. The board members shall consist of one selectman and six other citizens appointed by the Selectmen, as provided in Chapter 36, Revised Statutes Annotated, as amended."

ARTICLE 9. We, the undersigned, all legal voters of the Town of Rollinsford, do hereby petition to the Selectmen of the Town of Rollinsford that pipe for Town water be extended from Prospect Street to Pine Street and onto the full length of Silver Street for the benefit of the people living in that area. (as presented by Petition; no action by Budget Committee).

ARTICLE 10. To see if the Town will authorize the purchasing of all water maintenance, piping and other implements now owned by the Salmon Falls Water District and transfer same to the Town of Rollinsford, and obligate the Town of Rollinsford instead of the Salmon Falls Water District for the bonds now outstanding.

(by Petition; no action by Budget Committee.)

ARTICLE 11. To see if the Town of Rollinsford will purchase from the Salmon Falls Water District the rights, titles and interests, and transfer same to the Town of Rollinsford and to extend water piping from the fire hydrant located on Prospect Street, and extend said piping to Pine Street and the full length of Silver Street for the purpose of providing water for the people of the Town of Rollinsford.

(by Petition; no action by Budget Committee).

ARTICLE 12. To see if the Town of Rollinsford will authorize the extension of water pipes from the fire hydrant located on Prospect Street and extend said water pipes to Pine Street and the full length of Silver Street so that the citizens in that part of Rollinsford may have town water.

(by Petition; no action by Budget Committee.)

ARTICLE 13. To see if the Town will vote to adopt new ordinances, and revise the present ordinances.

HAROLD J. PAGE,
OVIDE R. VIEL,
RAOUL J. LABRECQUE,

Selectmen of Rollinsford.

A True copy of Warrant Attest:

HAROLD J. PAGE,
OVIDE R. VIEL,
RAOUL J. LABRECQUE,
Selectmen of Rollinsford.

REPORT OF TRUCK COMMITTEE

Citizens of Rollinsford, New Hampshire:

At the annual town meeting held March 8, 1955 it was unanimously voted to authorize the undersigned committee of three to purchase a truck for the highway department of Rollinsford, New Hampshire.

The sum of thirty-five hundred dollars (\$3500.00) was voted to be raised and appropriated for the payment of said truck.

After consultations with many citizens and truck dealers, and following examination of various trucks, it was unanimously decided the best buy for the money appropriated was a Chevrolet, which your committee contracted for and purchased. The purchase price of this truck, after local tax deduction and minus twelve per cent (12%) discount, was thirty-four hundred eighty-eight dollars and thirty-four cents (\$3,488.34) cash sale.

In conclusion we, your committee, feel that the authority and trust voted this committee has been faithfully executed and terminated.

Furthermore, we feel that with due consideration and reasonable care this truck can and should adequately fulfill our highway department's obligations for several years to come.

Thanking all for the many courtesies extended this committee we are respectfully,

ALFRED MORIN,

EDWARD FLANAGAN,

RAYMOND C. CHASE,

Committee on Truck for 1955.

BUDGET COMMITTEE,

Herbert F. Cole, Chairman

Report of the Superintendent of the Salmon Falls Village Water District

*To: The Water Commissioners and the people of the
Salmon Falls Village Water District.*

The following is a summary of the work within the Water District that has been done during the year starting January 1, 1955 and ending December 31, 1955.

1. As a result of the demands placed upon the District by the State Board of Health and their action in condemning forever for any future use as a drinking water source, the Foundry pond has been abandoned and all pipes feeding into the water mains have been disconnected and removed. The chlorinator and sediment filter which were loaned to the District by the State of New Hampshire have been removed, reconditioned, and returned to the State. The pumping equipment formerly used at the old foundry has been removed from its location and placed in storage.

2. The Booster house was reconditioned, the water in the pit was drained, and the check valves reconditioned and made operative. The booster pump was discontinued and placed in storage.

3. The foundation under the No. 2 well house was replaced by railroad ties and gravel.

4. The entrance roads to the well field were filled with gravel and several culverts were installed to take care of surface drainage.

5. Miscellaneous brush was cut and removed throughout the well field area in order to give the pine tree cover a better chance to grow. Brush was also removed from the vicinity of the water tank.

The water tank was fenced in to prevent damage by cars.

A culvert was installed to prevent further washouts when the tank is flushed.

The grounds surrounding the tank were filled and improved.

6. The hydrant on South Street was relocated after it was smashed by a truck.

7. Twenty of the old meters located in homes about the District were removed, tested, repaired and replaced.

8. Three bad leaks amounting to a total loss of water of 3,500 gals. per hour were located, and repaired.

9. In order to improve the quality and the quantity of the water that was being taken from the three wells on Water Street Hill it was necessary that the following repairs be accomplished:

- (1) Replace with new and efficient pumping equipment the existing equipment in the three wells. This was done by the Aetna Engineering Co., since the District is not equipped to handle any such project.

The equipment installed was of the turbine type pump, a more efficient pump than the former injector type pumps installed by the previous owners.

- (2) The entire electric wiring system of the well field was condemned by the Public Service Co. as a result of the hurricanes. This entire system was removed and replaced with new, heavier gauge wire.

- (3) The three new pumps were placed on an electrical pressure control system, installed by the Aetna Engineering Co. The result has been that pumping

which was formerly done on a 24-hr. per day basis using three pumps, is now being done by three pumps during a 5½ to 6 hr. period. The results are:

- (a) Less use of power
 - (b) Tank constantly full
 - (c) Less wear and tear on the pumps
- (4) Oil heaters were installed in the three well houses to prevent freezing of the pumps during the time they are not operating.

10. All hydrants throughout the District were winterized to prevent freezing.

11. A used truck was purchased by the District for use in the maintenance work.

12. Many small leaks in houses were located and repaired.

13. The water tank on the hill was cleaned inside and scraped and painted on the outside.

14. Even though a considerable number of projects, both large and small, have been outlined above as fully completed, there still remains a considerable amount of maintenance to be done, and a considerable number of main projects to be achieved.

Respectfully submitted,

ROBERT L. DUFOUR

Superintendent.

REPORT of SUPERINTENDENT of SCHOOLS

To the School Board and Citizens of Rollinsford:

I, herewith, submit my annual report as your superintendent of schools. The cooperation and professional capabilities of the school board and the school personnel was again the primary factor in insuring sound educational progress and achievement in our school system. Citizens who have lived in the community for a number of years seem to take our good school for granted, but we have received a number of compliments from new citizens who have moved here from other communities, and who seem particularly pleased with what we offer our children.

We had one change in the teaching staff this year when Mr. Ralph Steeves accepted a better paying position out of state. Mr. Edwin Chamberlain was engaged to fill the vacancy. His many years of experience and training have proven to be a real asset to our school.

Teacher salaries continue to be adjusted to a more reasonable level in all communities. Most schools are setting a minimum salary of \$3000. Graduates of Teacher Training Institutions have been demanding and receiving this minimum for the past two years. The average salary in Rollinsford during the present year is \$3200.00 and our teachers have many years of successful teaching experience. If any of these teachers should resign or retire we would need to replace them with teachers of much less experience, and at the same or at a greater cost than our present salaries.

The largest single item in our budget continues to be tuition costs. Tuition rates are rising every year. At the present time the following number of pupils are attending high schools in neighboring communities:

Dover, 56 pupils at 315.15	\$ 17,963.55
Berwick, 17 pupils at 330.00	5,610.00
Somersworth, 4 pupils at 300.00	1,200.00
	<hr/>
	\$ 24,773.55

Our school enrollment has remained fairly constant for the past few years. During the present school year, however, it has shown an increase of 29 pupils over the previous year. Our housing facilities are adequate to care for this number but it has necessitated a further division of grades in order not to increase the teaching personnel. We may expect a further increase in enrollment due to new housing developments and the possible impact of the Air Base at Newington.

The net cost of operating our school system has remained at a fairly even level during the past four years in spite of rising costs. The following are the actual net assessments or costs to the Town of Rollinsford for the past four years:

1952-53	\$ 60,164.04
1953-54	58,854.50
1954-55	61,394.26
1955-56	60,161.64

This certainly indicates wise management and planning of your school by your School Board.

I, again, wish to express my sincere appreciation for the cooperation extended to me by the School Board and the Teachers during the past school year.

Respectfully submitted,

ARTHUR E. TOLL,

Superintendent.

Number of Rollinsford pupils for whom the district pays tuition (as of September, 1955) are shown below.

REPORT OF SCHOOL PRINCIPAL

*To: The Superintendent of Schools
The Rollinsford School Board
The Citizens of the Town of Rollinsford, N. H.*

It is with pleasure that the following report is submitted covering a portion of the activities of the Rollinsford Grade School for the year 1955-1956.

Much has been said in recent months about the responsibility of the schools. I should like to take this opportunity to speak of some of these responsibilities.

In accomplishing their purpose of educating for well-rounded citizenship, the schools are not alone in their efforts. The home, the church, and other community agencies, share this responsibility. Schools are established to teach those essentials not taught by other agencies in society. Schools began originally with the introduction and wide use of written language, and in the beginning the curriculum was limited to reading, writing, and arithmetic. Cultural advancements and changes in our ways of living brought about new things to be taught. The amount of education required for complete living has greatly increased. The educational service rendered by the home and some community agencies has substantially declined. As a result the curriculum has grown enormously.

No other people on the face of the earth has ever expected so much of its schools, and no other people has ever been so well served by its schools. It is important, however, to define clearly the role of the schools in the educating process and continually to review and appraise the educational program. Continuous appraisal is necessary to any enterprise.

The public schools have primary responsibility for some phases of education, partial responsibility for other phases

of education, and an over-all responsibility for educational leadership in the community. The responsibilities of the public schools may therefore be viewed as three-fold:

- (a) The phases of education for which the schools have primary or chief responsibility include reading, writing, arithmetic, spelling and the basic essentials of oral and written composition, the social studies (geography, history and civics), and science. Reading is an important primary responsibility of the schools. Legible handwriting, proficiency in arithmetic for ordinary needs, and the ability to spell one's writing vocabulary are essential elements of education for which the schools accept primary responsibility. The basic elements of the social studies and science, and a working proficiency in the use of English are also primary responsibilities of the school.
- (b) Responsibility for some other phases of education are shared jointly, and in varying degrees by the schools and other educational agencies (home, church, community, movies, radio, television, and press). These shared responsibilities include vocational fitness and the broad outcomes of general education such as the American Way of Life, scientific attitude of mind, health and safety, consumer competence, conservation, thrift, family living, the arts, and moral, ethical and spiritual values. These shared outcomes include also proficiency in the worthy use of leisure time.
- (c) The schools have a community-wide responsibility for educational leadership. They support and encourage other educational agencies in the performance of their established educational functions in order to provide a well-rounded educational program for the community as a whole.

These three basic responsibilities of the schools are not separate and apart but are closely linked together. They operate at the same time. The schools, however, see all three of these functions clearly and strive to perform each of them well. Unless the schools perform well the first function (a) they cannot perform well the second (b); and unless they perform the first two efficiently, they cannot provide adequate educational leadership for the community as a whole. For this reason, in curriculum planning, the schools make sure they achieve well those things for which they have primary responsibility, and at the same time make their necessary contribution to the other objectives.

FACULTY

After considering the three basic responsibilities of the school as outlined in the above section, it is necessary to have some means of making them work in a school house. This is done by means of the faculty. The following faculty data table presents information about the members.

FACULTY DATA TABLE

Teacher	Grade Teaching Assign- ment	Degrees Held	Years of Experience	
			Rollins- ford	Else- where
Anne Brown	1, 2	Perm. Cert.	45	0
Bernice Doherty	2, 3	Perm. Cert.	45	0
Edna Ordway	3, 4	Perm. Cert.	12	7
William Avery, Jr.	5, 6	Beachelor of Education	3	0
Edwin R. Chamberlain		Bachelor of Science	0	9
Lewis W. Hatfield	6, 7, 8	Bachelor of Science in Education	7	9
		Master of Education		
Lillian Elwell	1, 2, 3, 4	Bachelor of Music	4	1
William Elwell	5, 6, 7, 8	Bachelor of Music	2	2
	Instruments in all grades & Chorus work in 5, 6, 7, 8			
Martha Evans	7, 8	Bachelor of Science in Home Ec.	15	5
Arline G. Stockdale		R. N.	25	0
	All Grades			

ENROLLMENT

The Rollinsford Grade School opened its Fall session this year on Wednesday, September 7, 1955. The following table shows the enrollment.

ENROLLMENT DATA TABLE

Teacher	Grade	No. of Pupils per Teacher	No. Boys	No. Girls	Totals
Anne Brown	1	28	14	10	24
Anne Brown	2		1	3	4
Bernice Doherty	2	28	6	8	14
Bernice Doherty	3		8	6	14
Edna Ordway	3	28	5	5	10
Edna Ordway	4		6	12	18
William Avery	5	34	8	5	13
William Avery	6		10	11	21
Edwin Chamberlain	6	50	10	11	21
Edwin Chamberlain	7		7	11	18
Edwin Chamberlain	8		8	3	11
Lewis Hatfield	6	50	10	11	21
Lewis Hatfield	7		7	11	18
Lewis Hatfield	8		8	3	11
Totals		147	73	74	

ADJUSTMENT OF WORKING LOAD

By reference to the above Enrollment Data Table it will be seen that all of the teachers are carrying a teaching load that is about equal in regard to the numbers of pupils that are handled.

Prior to this year some of the teachers were carrying more pupils and some fewer pupils than others. This was brought about by the lack of students in some of the classes caused by the decrease in birth rate, and pupils moving out of the area. Likewise it was found that some of the teachers were carrying more pupils because of transferees from other areas. In order to balance the teaching load as evenly as possible it became necessary to add a second grade class to Miss Anne Brown, and to add a third grade class to Miss Doherty. The result has been that the classes are quite evenly split among the members of the faculty and the resultant rise in the morale of the teachers and the pupils has been most gratifying.

PHYSICAL CONDITION OF THE SCHOOL

Thus far in the report we have dealt with the Responsibilities of the school. The Faculty of the school and the enrollment of the school. It might be well here to say a word about the Plant of the school.

During the past few years a consistent program of maintenance has been followed, with the result that today the school stands in fine physical condition. During the past summer, the two lower classrooms have been newly repainted in soft harmonizing colors that add much to the physical comfort and the pleasure of the inhabitants.

The first and second grade rooms have had their windows weather-stripped and tightened. The result has been that the rooms are much more comfortable during the cold, windy winter days.

Many strangers have been in the building and have complimented the town on maintaining such a fine school.

Despite the fact that the building has a fine appearance, inevitably with age there are things that require additional repair and constant maintenance. It is hoped that the heretofore wise policy of maintenance will be continued.

SCHOOL LUNCH PROGRAM

Another important aspect of school life is the daily school lunch program. This area of the school is under the capable supervision of Mrs. Edward Bureau, who serves as both dietician and cook. She is aided in her daily preparation of the meals as well as in the serving of these by Mr. Edward Bureau.

A typical lunch for each day of the school year consists of the following:

- (1) A hot dish, consisting of one of the following meats:
 - (a) Beef, pork, lamb, chicken, turkey, fish
 - (b) Potato, rice, noodles, macaroni, spaghetti
 - (c) Vegetables, according to the season, both fresh and canned
- (2) A sandwich of some variety
- (3) A dessert of some variety
Cake, cookies, pie, ice cream, fruits, etc.
- (4) A bottle of Pasteurized milk.

The cost of the lunch remains the same at \$.25 per child per meal.

The following is a summary of the School Lunch Program of the Rollinsford Grade School for the year 1954-55

Receipts

Cash on hand	\$ 719.76
Lunch sales (children)	2,385.13
Lunch sales (adults)	268.71
Misc. cash contributions....	124.77
Federal Govt. reimbursement	549.29
 Total	 \$ 4,047.66

Expenditures

Food	\$ 2,813.38
Labor	000.00

Equipment	729.13
All other	103.08
<hr/>	
Total	\$ 3,645.59
Cash balance June 30, 1955.	\$ 402.07

USE OF THE BUILDING

During the past year, many of the local town groups have made use of the building and its facilities. The following is a list of the groups that have made use of the building:

- (1) The Salmon Falls Garden Club
- (2) The Salmon Falls Extension Group
- (3) The Salmon Falls Cancer Dressings Group
- (4) The Rollinsford March of Dimes Committee
- (5) St. Mary's CYO Basketball Team.

The facilities of the School building are available to both local and outside groups. However, arrangements for use of the facilities and granting of the permit must be handled through the office of the Principal, Lewis W. Hatfield.

RECOMMENDATIONS FOR REPAIRS AND MAINTENANCE

The following list of repairs and maintenance work is hereby submitted:

- (1) Repair of tiles in the auditorium ceiling
- (2) Tar side of driveway and back yard
- (3) Repair closet doors of the coat closets in each room
- (4) Install two lights in the rear of the school building to be lighted at night to discourage night prowlers and parkers.
- (5) Repair and waterproof crack in East foundation
- (6) Continue program of weather-stripping the windows by doing the windows in Grade 7 and Grade 8 and the office.

ACKNOWLEDGEMENTS

I wish to take this opportunity to thank the people of the town for their interest in their school as shown by their attendance of the Annual Open House that was held at the school during American Education Week. Their continued interest has been shown and is much appreciated by the members of the faculty by the number of parental visits to the school while it has been in daily session.

I would like to acknowledge with thanks the following gifts that have been received by the school during the past year:

To the Martel-Roberge Post American Legion for its interest in the students of the school and their presentation of medals and scrolls to the outstanding students in recognition of their achievements. Thanks again to the Post for their donation to the Christmas Party of ice cream for the entire school.

To Mr. Fred L. Green, Jr. for his most welcome and desirable gift to the school of twenty (20) display cases, tables, and racks. This sort of material was much needed and his gift has filled a long-felt need on the part of the faculty and the students.

CONCLUSION

In conclusion may I offer the thanks and appreciation of the faculty and the staff of the Rollinsford Grade School to the Superintendent, the members of the School Board, and the citizens of the town of Rollinsford for their help and understanding in cooperative venture to make this school the kind that serves a community well.

Respectfully submitted,

LEWIS W. HATFIELD,

Principal.

REPORT OF SCHOOL TREASURER

*For the Fiscal Year July 1, 1954
to June 30, 1955*

Cash on hand July 1, 1954 (Treasurer's bank balance)	\$ 3,798.40

REPORT OF SCHOOL NURSE

The following is a summary of the results found by physical examination of the children of the school during the year 1954-1955.

Physical examinations were given at various times during the year by Doctor John J. Murphy, the school physician, and Miss Arline G. Stockdale, R.N., the school nurse.

Number of examinations 138

Grades covered 1, 2, 3, 4, 7, 8

Vision testing was done by the nurse employing the Massachusetts Vision Test Machine and the Snellen Chart method.

Number of Tests 138

Number children with defective vision, 7

Number of corrections made 4

Hearing tests were conducted using a standard audiometer

Number of tests 138

Number of children with defects . . . 4

Number of correction made 2

Catarrhal deafness 1

As a result of the physical examinations the following were found:

Defective tonsils	3	Eruptions of the feet	2
Corrections	2	Corrections	2
Facial Acne	4	Nutritional obesity	1
Corrections	4	Corrections	0
	Orthopedic deformity	1	
	Corrections	1	

First aid treatment was given to 75 pupils.

One major accident requiring hospitalization occurred.

VACCINATIONS AND COMMUNICABLE DISEASES

Vaccinations

Number successfully vaccinated....	27
Number pre-school vaccinated	11

Communicable Disease

Measles	35
Pediculosis	2
Impetigo	1
Virus infections	75

Polio Vaccinations, Grades 1-4

Number receiving 1st and 2nd shots	60
Number receiving booster shots ...	14

St. Mary's Parochial school participated in the program with the following being reported:

Number receiving 1st and 2nd shots	43
Number receiving booster shots	5

Number of home visits made by the nurse..... 10

I wish to take this opportunity to thank the parents for their kind cooperation with the nurse, and especially for the dental corrections that have been made to their children's teeth.

Dental examination has showed a remarkable number of corrections that have been made.

Respectfully submitted,

ARLINE G. STOCKDALE, R.N.,

School Nurse.
